GENERAL INFORMATION

Hye-Green 7-21-0 is a water-soluble low pH soil applied liquid fertilizer important to healthy plant development.

DIRECTIONS FOR USE

Hye-Green 7-21-0 is a soil amendment. Hye-Green 7-21-0 delivers a valuable source of Nitrogen, Phosphorous and Potassium for treating nutrient disorders in crops. Hye-Green 7-21-0 can be applied to increase nutrient availability to targeted crops and to help leach out harmful salts, in turn improving water infiltration. Application of Hye-Green 7-21-0 should be made based on soil, water and plant tissue analysis.

Soil Applied Rate

Apply Hye-Green 7-21-0 as a single or multiple applications at the rate of 5 to 25 gallons per acre.

Fertigation Application

When injecting into a irrigation system, do not allow treated water to drop below 6.0. Avoid mixing this product with high bicarbonate water and calcium products such as CAN17 or CN9 and with thiosulfate products such as ATS, MgTS, KTS and CaTS. Always flush the irrigation system with clean untreated irrigation water.

Field and Vegetable Crops

(Including tomatoes, melons, peppers, onions and corn)
Apply Hye-Green 7-21-0 at 2-5 gallons per acre as a pop up fertilizer at time of seed planting in moist soil. Dry Conditions at Planting: The potential for damage from seed placed fertilizer increases as the soil dries. Soils with a sandy texture dry more rapidly than others. Special caution and lower rates should be used in dry or sandy soils.

WARNING: Cancer and Reproductive Harm - www.P65Warnings.ca.gov

DANGER: Causes severe eye damage and skin burns. May cause respiratory irritation.

Precautionary Statements: Avoid breathing mist, vapors and or spray. Wear eye/face protection with protective gloves and protective clothing. Use only outdoors or in a well-ventilated area. Wash thoroughly after handling.

First Aid: *If in eyes:* Hold eyes open and rinse slowly and gently with water for 15 – 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Get medical attention immediately. *If on Skin:* Immediately flush skin with running water for at least 20 minutes. Remove and isolate any contaminated clothing. If skin irritation develops and persists, get medical attention. *If swallowed:* DO NOT induce vomiting. Rinse mouth with water. Have victim sip a glass of water if able to swallow. Immediately call a POISON CENTER or doctor/physician. *If inhaled:* Remove victim to fresh air and keep at rest in a position comfortable for breathing.

Storage and Disposal: Store in a well-ventilated place. Store locked up. Do not contaminate water, food or feed by storage or disposal. Keep out of reach of children. Keep container tightly closed.

KEEP OUT OF REACH OF CHILDREN CAUTION: HARMFUL IF SWALLOWED
